<table>
<thead>
<tr>
<th>Criteria</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>(i) Specific experience of the Service Providers relevant to the assignment</td>
<td>30</td>
</tr>
<tr>
<td>(ii) Adequacy of the proposed methodology and work plan in response to the Terms of Reference:</td>
<td></td>
</tr>
<tr>
<td>a) Technical approach, methodology and impact evaluation criteria of the activities delivered, as well as planning for gender mainstreaming and gender balance across suggested activities</td>
<td>30</td>
</tr>
<tr>
<td>b) Work plan</td>
<td>30</td>
</tr>
<tr>
<td>c) Organization and staffing capacity and expertise.</td>
<td>10</td>
</tr>
<tr>
<td>Total points for criterion (ii):</td>
<td>70</td>
</tr>
</tbody>
</table>

Please note that the Service Providers who are capable of showing a gender balance in the company hierarchy as well as migrant labor may be awarded extra points.

10.5 Technical Proposal shall not be considered for evaluation in any of the following cases:

a) Late submission, i.e., after the deadline set

b) Failure to submit any of the technical requirements and provisions provided under the Instruction to Service Provider and Terms of Reference (TOR);

Only shortlisted Service Providers may be contacted for further interviews.

11. Financial Evaluation:

11.1 After completion of the Technical Proposal evaluation, IOM shall notify those Service Providers whose proposal did not meet the minimum qualifying score or were considered non-responsive based on the requirements in the RFP, indicating that their Financial Proposals shall be returned unopened after the completion of the selection process.

11.2 IOM shall simultaneously notify the Service Providers that have passed the minimum qualifying score. IOM reserves the right to open the Financial Proposals publicly - in the presence of the Service Provider representatives who choose to attend - or not.

11.3 The BEAC shall determine the completeness of the Financial Proposal whether all the Forms are present and the required activities to be priced are priced.

11.4 The BEAC will correct any computational errors. In case of a discrepancy between a partial amount and the total amount, or between words and figures, the former will prevail. In addition, activities and items described in the Technical proposal but not priced, shall be assumed to be included in the prices of other activities or items.
11.5 The Financial Proposal of Service Providers who passed the qualifying score shall be opened, the lowest Financial Proposal (F1) shall be given a financial score (Sf) of 100 points. The financial scores (Sf) of the other Financial Proposals shall be computed based on the formula:

\[ S_f = 100 \times \frac{F_1}{F} \]

Where:

- Sf is the financial score of the Financial Proposal under consideration,
- F1 is the price of the lowest Financial Proposal, and
- F is the price of the Financial Proposal under consideration.

The proposals shall then be ranked according to their combined (Sc) technical (St) and financial (Sf) scores using the weights (T = the weight given to the Technical Proposal = 0.70; F = the weight given to the Financial Proposal = 0.30; T + F = 1)

\[ S_c = S_t \times T\% + S_f \times F\% \]

The Service Provider achieving the highest combined technical and financial score will be invited for negotiations.

12. **Negotiations**

12.1 The aim of the negotiation is to reach agreement on all points and sign a Service Agreement.

12.2 Negotiation will include: a) discussion and clarification of the Terms of Reference (TOR) and Scope of Services; b) Discussion and finalization of the methodology and work plan proposed by the Service Provider; c) Consideration of appropriateness of qualifications and pertinent compensation, number of man-months and the personnel to be assigned to the job, and schedule of activities (manning schedule); d) Discussion on the services, facilities and data, if any, to be provided by IOM; e) Discussion on the financial proposal submitted by the Service Provider; and f) Provisions of the Agreement. IOM may prepare minutes of negotiation which will be signed both by IOM and the Service Provider.

12.3 IOM has no obligation to accept the terms of payment as suggested by the Service Provider. The financial negotiations will include clarification/negotiation on the final terms of payment to be agreed upon by both parties.

12.4 Having selected the Service Provider on the basis of, among other things, an evaluation of proposed key professional staff, IOM expects to negotiate an Agreement on the basis of the experts named in the proposal. Before contract negotiations, IOM shall require assurances that the experts shall be actually available. IOM will not consider substitutions during Agreement negotiation unless both parties agree that the undue delay in the selection process makes such substitution unavoidable or for reasons such as death or medical incapacity. If this is not the case and if it is established that staff were referred in their proposal without confirming their availability the Service Provider may be disqualified. Any proposed substitution shall have equivalent or better qualifications and experience than the original candidate.

12.5 All agreement in the negotiation will then be incorporated in the description of services and form part of the Agreement.

12.6 The negotiations shall conclude with a review of the draft form of the Agreement which forms part of this RFP (Section VI). To complete negotiations, IOM and the Service Provider shall initial the Agreement. If negotiations fail, IOM shall invite the second ranked Service Provider to negotiate an Agreement. If negotiations still fail, the IOM shall repeat the process for the next-in-rank Service Providers until the negotiation is successfully completed.
13. **Award of Contract**

13.1 The contract shall be awarded, through a notice of award, following negotiations and subsequent post-qualification to the Service Provider with the Highest Rated Responsive Proposal. Thereafter, the IOM may promptly notify other Service Providers on the shortlist that they were unsuccessful and shall return their unopened Financial Proposals. Notification may also be sent to those Service Providers who did not pass the technical evaluation.

13.2 The Service Provider is expected to commence the assignment on 19 November 2017.

14. **Confidentiality**

14.1.1 Information relating to the evaluation of proposals and recommendations concerning awards shall not be disclosed to the Service Provider who submitted Proposals or to other persons not officially concerned with the process. The undue use by any Service Provider of confidential information related to the process may result in the rejection of its Proposal and may be subject to the provisions of IOM’s anti-fraud and corruption policy.

1. Background Information

The International Organization for Migration (hereinafter called IOM) mission in Cairo was established in 1991. In line with IOM’s global principle that humane and orderly migration benefits migrants and societies alike, IOM Egypt’s overall strategic objective is to support the Government of Egypt and relevant actors to govern migration to effectively maximize its positive impact while minimizing potential costs on all migrants and society. Over the last 25 years, IOM has continuously enlarged its engagement in new fields of concern encompassing a wide range of activities, ranging from direct assistance to policy development, in many programmatic areas such as: labour migration and human development; counter-trafficking; technical cooperation on migration management; migration health; emergency and post-crisis migration management; and resettlement. In recent years, IOM Egypt has positioned itself as a key actor in providing capacity building support to governmental and registered non-governmental local actors for promoting resilience and empowerment of migrant, returnee, and communities hosting them in Egypt. Recognizing the vulnerabilities and identified needs of migrants throughout North Africa, the challenges they face in integrating within the communities hosting them, as well as the pressure the latter face in absorbing them, the IOM embarked in the implementation of the “Regional Development and Protection Programme for North Africa (RDPP NA) - Development Pillar”. The programme, which is funded by the European Union (EU), aims to support the Government of Egypt’s efforts to host existing migrants and to build resilience with the aim to enhance the coexistence between existing migrants and the communities hosting them.

The project seeks to contribute to these objectives through the implementation of two key project components: (I) Coordination of stakeholders, and (II) Community-based interventions to enhance resilience under the following domains: education; protection; health; housing; and livelihood, while promoting actions that enhance community cohesion along these domains.

In light of the above, IOM intends to hire an experienced agency to develop and implement tailor-made communication and awareness raising activities with the aim to foster community cohesion between migrants and the communities hosting them through awareness raising and education.

2. Overall timeframe and duration

IOM is seeking to implement tailor-made communication and awareness raising activities starting 19 November 2017 and for a minimum duration of 10 months.

3. Objectives

The objective of this call for proposal is to hire an experienced agency to develop and implement tailor-made communication and awareness raising activities with the aim to foster community cohesion between migrants and the communities hosting them through awareness raising and education. Activities will specifically aim to provide the targeted community with balanced information on migration, as well as facilitate dialogue and foster community cohesion at the local level with a special focus on women and children.
4. Scope of the Services

Specifically, IOM aims to focus this intervention in Ard El Lewa, in Greater Cairo. Activities for which this Request for Proposals (RFP) is issued should include the following:

i. An online and offline awareness raising campaign to support informed and reasoned public discourse regarding migration and particularly to raise awareness about the importance of community cohesion between migrants and the communities hosting them, as well as counter negative narratives of migration representing a “burden” and/or a “danger” to hosting countries;

ii. Training workshops and field activities specifically targeting women and children with the aim to foster community cohesion at the community level.

5. Deliverables

3. Ongoing generation of awareness raising content for use on IOM social media platforms, including but not limited to Facebook and Twitter, for the entire duration of the intervention (10-12 months);
4. Create and moderate online discussions on community cohesion through online forums including but not limited to IOM Egypt’s Bosla platform and its discussion forum;
5. Ensure messages are tailored to the target communities (migrants and communities hosting them in Ard El Lewa) as well as to the larger audience/general public;
6. Develop Key Performance Indicators (KPIs) and conduct an impact evaluation assessment to measure the impact of above-mentioned online activities.

Offline awareness raising campaign including:

1. Use relevant social media content (including photographs, videos and stories) to develop and hold an “on-the-ground“ exhibition in Ard El Lewa;

3. Conduct an impact evaluation assessment to measure the impact of the offline activities and the change in perceptions of the target communities.
